

PASSIVEHOUSE '11

Call for Papers

The passive house concept is the ideal way to reach zero energy. Passiefhuis-Platform and Plate-Forme Maison Passive will organise the tenth edition of the PassiveHouse Symposium in September 2011 in Brussels, Belgium. Please send in your abstract and become a speaker for the largest symposium on passive and zero energy construction in the Benelux.

CALL FOR PAPERS

We heartily welcome papers related to the passive house concept.

The 2011 themes are:

- Zero-energy developments
- District development
- Passive schools, swimming pools, supermarkets and hotels.
- Renovation towards 100% passive
- Most economic ways to heat passive houses
- Monitoring: the behavior of inhabitants
- Passive cooling: examples

If you wish to apply, please send a twenty line abstract to symposium@passivehouse.be and mention:

- the subject of the presentation
- a short summary of the presentation
- the title and main authors
- the language of the final contribution (Dutch, French or English)
- your resumé

According to the evaluation of the scientific committee, papers will be scheduled as an oral presentation or be refused.

A paper application implies the author's acceptance to publish the paper in the conference proceedings.

PASSIVEHOUSE SYMPOSIUM

The PassiveHouse Symposium was founded to facilitate the exchange of ideas, knowledge and progress in the field of energy-efficient construction. This symposium offers a platform for speakers all over Europe to share their knowledge on innovating technologies, their research and their experience. In 2010, 450 participants gathered for this symposium to exchange ideas and learn the latest developments.

PASSIVEHOUSE FAIR

The same month the PassiveHouse Fair is being organised. Participants to the symposium get a free ticket to visit the fair exclusively on the professional day (9.9.2010). About 120 companies will be presenting the latest developments on passive and highly energy efficient products, technologies and services in Europe. On Saturday and Sunday the fair will be open to the general public. It offers a forum for information, discussions and presentations. Planning advice will be provided for people with specific building plans.
